MOVING
COMMUNICATION

2020 CATALOGUE

AN INTERCOM FOR EVERY NEED

A development of sound with no limits and no compromises.

Since 2005, Midland has specialized in motorcycle communication products. In 15 years time, we have developed a lab in which professional engineers commit on a daily basis to further advance the technology of our products. After years of constant studies and tests, we can finally affirm that the audio of our intercoms is the most advanced ever, thanks to strict and constant QUALITY controls. A feature that has distinguished the company for over 60 years.

Connect your BTT Button to your smartphone and use it with any intercom brand.

MIDLAND®

VR|46
RIDERS ACADEMY

Tavullia Ranch. The communication among **VR 46 Academy team** members
is provided **by MIDLAND**.

Coordination, teamwork, constant performance updates: these are the elements
of a winning team, which works on results through a continuous exercise.
What can optimize motorcycle communications? An intercom, of course.
For this reason VR46 Riders Academy chooses MIDLAND.

VR46 RIDERS ACADEMY

Strongly desired by Valentino Rossi, VR46 Riders Academy is a project launched in 2014. As Valentino points out, the goal is to train the riders of the future: "Together with my staff I open the doors to young Italian talents".
Based in Tavullia, the Academy has a close-knit team of professionals who support the students. Valentino supervises the trainings on circuit and teaches the young talents how to manage stress and increase concentration under performance conditions.
Two talents have already made their way to MotoGP: Franco Morbidelli and Francesco "Pecco" Bagnaia, 2018 Moto2 world champion.
Team VR46 competes in both classes of World Championship. Luca Marini and new Marco Bezzecchi in Moto2, Celestino Vietti Ramus and Andrea Migno in Moto3, coordinated by team manager Pablo Nieto.

BT MESH
THE INTERCOM WITH MESH TECHNOLOGY

DIGITAL NOISE KILLER

EQUALIZER

CONFERENCE 10 PEOPLE

ONE-TO-ONE 4 PEOPLE

UP TO 5 KM*

DYNAMIC REPEAT

DUAL CHIPSET

UNIVERSAL INTERCOM

STEREO /GPS BACKGROUND

AUTOMATIC GAIN CONTROL (AGC)

DASHBOARD COMPATIBLE

WITH SUPERBASS SOUND HI-FI SPEAKERS

Bluetooth™
4.2 DUAL CORE

Midland BT Mesh exploits MMC™ (Midland Mesh Conference) technology, which allows intercom conference calls among up to 10 people/bikes.
Thanks to the "Dynamic Repeat" function, the distance increases according to the number of motorbikes of the group. Each user can exit the conversation and rejoin when they want, automatically connecting with the whole group without "chains".
BT MESH allows one-to-one communication up to 4 devices.
Compatible with integrated connectivity and control systems adopted by the major motorcycle manufacturers (BMW, KTM, Ducati, etc.).

RANGE: UP TO 5 KM*

Thanks to the "Dynamic Repeat" function, the distance increases up to 5Km with a group of 10 motorbikes.

UNIVERSAL INTERCOM (TALK2ALL) FUNCTION

Compatible with current Midland Intercoms via Bluetooth, Midland BT Mesh has 1 connection to pair intercoms of other brands.

BACKGROUND STEREO

It is possible to talk on intercom and listen at the same time to the GPS indications or your favorite stereo music in the background.
You can also share music and GPS with your friend (via Bluetooth).

SETTING VIA PC OR APP

Update and set BT Mesh via micro USB jack from your PC or Mac.
Use BTSET-APP to customize your settings.

MORE FEATURES...

- Music Share
- FM radio with RDS, 6 preset stations
- Status voice messages
- VOX
- Connection with 2 mobile phones at the same time
- Slide-in and bi-adhesive fixing system
- Waterproof IPX6

PACKAGING AND CODES

Device, boom and wired microphones, slide-in clamp and double-sided adhesive fixing system for all helmet types, audio kit with Hi-Fi speakers, wall charger and USB charging cable.
Single pack code C1412
Twin pack code C1412.01

AUTOMATIC GAIN CONTROL (AGC)

DASHBOARD COMPATIBLE

WITH SUPERBASS SOUND HI-FI SPEAKERS

Bluetooth™ 4.2 DUAL CORE

INTERCOM UP TO 8 PEOPLE (4 BIKES)

BTX2 Pro S is the first mid-range intercom with Bluetooth 4.2 dual chipset: 8 people (4 bikes), including riders and passengers connected in conference mode, up to 6 people in One-to-One mode.
All this in Full Duplex mode, with digital quality, DSP noise suppression system and AGC (a user-settable system you can disable) to control volume automatically according to background noise.
Compatible with integrated connectivity and control systems adopted by the major motorcycle manufacturers (BMW, KTM, Ducati, etc.).

UNIVERSAL INTERCOM (TALK 2 ALL) FUNCTION

Midland BTX2 Pro S has 2 connections to pair intercoms of other brands.

RANGE: UP TO 1.2 KM*

BTX2 Pro S (without BT Talk app) has a range of 1.2 km*

BACKGROUND STEREO

Talk over the intercom while listening to GPS directions or to your favourite stereo music in the background. You can share music and GPS indications with the person you're talking to (even bike to bike).

SETTING VIA PC OR APP

Update and set BTX2 Pro S via micro USB jack from your PC or Mac.
Use BTSET-APP to customize your settings.

BTT BUTTON
BUTTON FOR BTTALK APP

WATERPROOF   **EASY PRESS**

PUSH THE BTTALK BUTTON ON THE HANDLEBAR TO TRANSMIT AND TALK/LISTEN THROUGH THE INTERCOM. DESIGNED TO COMMUNICATE SAFELY, WITHOUT TAKING YOUR HANDS OFF THE HANDLEBAR

BTT Button is a patent-pending device.

You transmit by simply pressing the wireless **BTT Button**, which is compatible with all the latest generation smartphones (iOS and Android). The BLE technology (Bluetooth Low Energy) guarantees a constantly stable connection and extremely low battery consumption (up to 2 years). The battery can be replaced. BTT Button is ergonomically designed to not interfere with your grip on the handlebar while riding, while the silicone strap allows immediate fixing/release.

WATERPROOF AND VERY LOW CONSUMPTION
Fully waterproof, BTT Button is impervious to the elements and mud. Moreover, its very low consumption guarantees almost unlimited use with no battery charge required.

PACKAGING AND CODES
Communication button with silicone strap to attach/detach it to/from the handlebar.
Code C1238

BTTALK 2.0
THE APP FOR GROUP COMMUNICATION

**FOR IOS 8.1 AND LATER**   **FOR ANDROID 4.3 OR LATER**   **NO RANGE LIMITATIONS**

NO USER NUMBER LIMITATIONS   **LOCATION ON MAP DISPLAY**
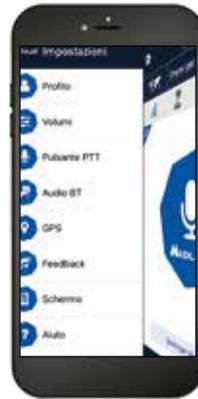

UNLIMITED COMMUNICATION

With **BTTalk** (for IOS and Android) you can create groups of friends with no limitations of number and distance*, and you can talk to them wherever they are and check their position on the map.
Find out how easy it is to use and set up the **BTTalk** app: download **BTTalk** to your iOS or Android smartphone, create a group, select participants from your address book and communicate in total safety.

FUNCTIONS:
· Address book
· Customized groups
· Sound quality
· Map zoom
· Location of your friends on the map
· 7 languages (italian, hebrew, french, japanese, english, spanish, german)

DOWNLOAD BTTALK

*The service works optimally under 3G/4G signal coverage

BIKE GUARDIAN WI-FI

MOTORCYCLE/CAR DASH CAM

NEW

Full HD 1080

WI-FI

CYCLE RECORDING

DOUBLE USE: MOTORCYCLE/CAR

WIDE ANGLE 170°

WATERPROOF IP68

1920X1080P (30FPS)

Bike Guardian WI-FI is the **FullHD** video camera for motorcycles and cars, featuring constant recording, very useful in the event of an accident to determine causes and responsibilities.
Connected to the motorbike USB port via the power cable provided (waterproof), it automatically begins recording when the motorbike starts and switches itself off when the motorbike is turned off. With the Visionbank application, you can control the video camera remotely using a smart phone or tablet.
Bike Guardian Wifi has a completely new look thanks to its metal case, with new finishes. It is **IP68 certified**, so it could even record up to 10 metres underwater!

MOTORBIKE/CAR MODE

Continuous recording when connected to an external power supply (car/motorbike).

INTEGRATED WIFI

Managed via app.

G-SENSOR

As it is equipped with an accelerometer, if there is an accident, recorded videos can be protected automatically.

MOTION DETECTION

Automatic recording, sensitive to the movements of those who walk in front of the camera to prevent theft and vandalism.

PACKS AND CODES

Video camera, USB cable, waterproof USB cable, fixing bracket, handlebar mounting, suction cup mounting, double-adhesive mounting consisting of: GO-PRO adaptor, screw, quick fixing, double-adhesive flat base.
code C1424

OPTIONAL WATERPROOF USB CABLE - R01988

BIKE GUARDIAN
THE FIRST MOTORCYCLE DASH CAM

Full HD 1080

CYCLE RECORDING

WIDE ANGLE 120°

RAINPROOF IP65

1920X1080P (27FPS)

Bike Guardian, the motorcycle camera with FullHD resolution, designed and made to be another "eye" that records everything that happens while you are riding.
Highly useful in the event of an accident to prove who was involved and who was to blame Bike Guardian is the first motorcycle camera with continuous recording.
Connected to the motorcycle USB socket with the cable supplied, **it starts recording automatically when the bike is switched on and turns itself off when it is switched off**.
Bike guardian can be used also as a traditional action cam and, thanks to its integrated battery, allows up to 2 hours recording.
Integrated microphone and speaker.

RAINPROOF
Bike Guardian is able to withstand bad weather, mud and dust, ensuring a video without interruptions. Even the cable, which connects the camera to the bike socket, is rainproof.

PACKAGING AND CODES
Camera, lock mount, handlebar mount, bi-adhesive flat mount, bi-adhesive curved mount, quick mount, screw, GO-PRO adaptor, strap mount, USB cable, USB rainproof cable, wrist belt.
code C1415

OPTIONAL WATERPROOF USB CABLE - C1457

CERTIFICATIONS

ETSI: CTE International is a member of ETSI - European Telecommunications Standards Institute - which it helps define standardised technical specifications for Telecommunication products and services.

ISO 9001 2015: for the design, production and installation of telecommunication equipment and systems for industrial, military, civil, marine and consumer use.

ANITEC-ASSINFORM: CTE International is part of the ANIE Federation research and innovation commission, a member of Confindustria and represents the electro-technical and electronic business operating in Italy.

WARRANTY

Contact your local **Authorized Dealer**, who will provide information to you about where the nearest **Service Centre** is located.

NB: we accept the return of goods upon two conditions: the agreed authorization from **Sales Dept.** (+39 0522 509411) or **Customer Technical Support Dept.** (+39 0522 509535) and if costs of shipments are covered by sender. The authorization is mandatory and if lacking, products will be immediately returned to the sender.
